People don't want needless election says Dr. Smith

John Eakins listens while Dr. Stuart Smith speaks at the Victoria-Haliburton Liberal Association Convention in Lindsay last week. Mr. Eakins, the incumbent for the riding, was re-elected to run for the Liberal Party. Dr. Smith, the party leader, spoke on a number of topics at the meeting.

Dr. Stuart Smith, Leader of the Ontario Liberal Party, told party partisans last week in Lindsay, that the province is "now into an election campaign that Ontario doesn't need and the people didn't want.

Dr. Smith said, "We are into a campaign that will cost you, the taxpayers, some $20 million".

"Ontario's economy is in serious trouble. Instead of fighting a $20 million election campaign, Ontario's legislators should be in the legislature taking action to get our economy going again", he said.

Dr. Smith noted that the election has been called to benefit Davis government, "not the wage-earners and taxpayers of Ontario".

He pointed out that since 1972 the economy of Ontario has grown more slowly than the national average.

"Since 1968, personal incomes in Ontario have been growing at a slower rate than in any other Canadian province", he said.

He added that since 1970 Ontario's growth in [illegible] spending has lagged behind the rest of Canada, 103 percent compared to 188 percent.

"For many years, we enjoyed sound economic management under the leadership of men like Leslie Frost and John Robarts, Dr. Smith said. He pointed out that Ontario was the economic leader in Canada.

"Today we have record high and rising rates of unemployment. Our unemployment rate has now reached 7.4 percent", he

New sheriff sworn in for Victoria-Haliburton

John Boyd, a Lindsay businessman and clerk of small claims court has been named Sheriff of Victoria and Haliburton Counties.

At the swearing in ceremonies last week County Court Judge Lloyd Wood, who presided over the formal ceremony said Mr. Boyd was actually taking five oaths, that of Sheriff, Surrogate Court Registrar, Local Registrar of the Ontario Supreme Court, County Clerk and the oath of allegiance to the Queen.

Shotgun blasts head

A man is currently in the neural intensive care unit of Toronto's Sunnybrook Medical Centre after suffering a shotgun blast to the right side of his head May 9, in connection with a series of break and entering incidents in Fenelon Falls and Crystal Lake areas, report Coboconk's Ontario Provincial Police detachment.

A spokesman for Sunnybrook says Douglas Dennis, age 30, of Lindsay, is listed in "fair condition".

OPP say the call involved seven officers, three from Minden; four from Coboconk, going to a cottage on Crystal Lake.

Three men and one girl are currently being held in custody in connection with the break and enter incidents, say OPP.

Ambulance funds:

Amount could affect service

Dysart et al and Anson, Hindon and Minden Townships are planning to meet with Ministry of Health officials concerning the ministry's 1977 budget which threatens to reduce the quality of ambulance service in this area if expenses cannot be cut.

The proposed budget covers a 15 month period to bring province-wide spending on ambulance service in line with the ministry's own budget. Since 1968 the ministry has granted a budget to each area running an ambulance service.

The Minden service was recently improved after indications from the ministry's regional co-ordinator, Ronald Hickey, that Anson, Hindon and Minden council would have their budget covered if it went over the allotted amount, says Reeve, Reg Booth.

The allotted amount was $24,350 but money spent totalled $29,557. Council has expressed concern that the ministry might not cover all the excess amount of $5,207 and plans a presentation to the ministry. There is also concern that the new allotment of $29,795 might not meet this year's requirement of $34,625.

Ronald Hickey, regional co-ordinator for the Ambulance Services Branch, at Queen's Park, says Minden need not worry about the cost of improvements that he had approved already, but other expenses will have to be proven justifiable.

"All I can do is submit the arguments", he says. "We'll just have to submit it to the management board and see what they think of Haliburton and Minden's perceived needs.

"If they need more money and it's justifiable, we'll give it to them - if the government has it".

He notes that the allowed increase across the province is eight percent of last year's budget, but the Minden budget was already allowed more than an 18 percent increase. He adds that the ministry has to take 197 other budgets into consideration.

Wayne Wood, supervisor of the county-wide ambulance system, says, "I doubt that we can operate for 15 months on this (the ministry's) budget". He adds that he hopes to meet the regional co-ordinator today, to discuss the issue.

He explains that the area ambulance services are already operating at rock bottom expenses and cutbacks might affect quality.

"I would hate to say that it could come to someone being laid off, but it might come to that", comments Mr. Booth. The bulk of the expenses for ambulance service is in wages, $22,000 of this year's amount for two full time men in Minden and $6,000 for part-time.

Mr. Booth points out that his municipality is already paying for the hydro and building used by their service.

Mr. Wood comments that municipal tax payers should not end up paying for the ambulance service, "It's a provincial responsibility". As an example he explains that all ambulance calls are dispatched from the closest station, but that means an ambulance could be sent out of its township to serve someone who pays taxes elsewhere.

He says municipal tax payers should not have to pay more and adds that the current budget is "not adequate".

"Board hasn't legal position to Gervais"

The Haliburton County Board of Education "doesn't have any legal position" with respect to the Gervais family's decision to move a family of 13 to a Haliburton location and enroll the children in the school system, according to board chairman, Richard Poole.

"It's a closed matter as far as we're concerned", Mr. Poole said last Wednesday, following some investigation on the matter that was brought before the Tuesday meeting of trustees.

He agreed with Gabrielle Gervais, foster mother of 10 children and mother of three, ranging in age from

Jim Webster, Progressive Conservative candidate for Victoria-Haliburton, was open for business last Wednesday when he unlocked the door of his campaign headquarters for this area. The office is on Haliburton's Highland Street.

Petition

Sewer plans may be altered

A petition by several North Water Street residents has brought a reconsideration of the proposed position of the street's sewer line.

Street resident, Phillip Graham says the petition by residents that asked that the sewer line not be placed between the north side of the road and their houses, has reached a satisfactory solution.

Reg Booth, Reeve of Anson, Hindon and Minden, explains that for two to three years engineers had been examining the area, looking at alternate routes, but had decided that other ways of installation would be too expensive.

"The field behind the houses was considered too swampy and concern was expressed that putting the sewer line on the south side of the road, along the river bank, would contribute to erosion, says Mr. Booth. now the proposed plan is to go under the road.

As a result it was decided to go up the road allowance on the north side, however, a water line already runs along the edge of the road.

"It's considered proper to keep sewer lines at least eight feet from water lines, depending on the soil" adds Mr. Booth. Therefore, they decided to go higher up the road allowance, further into people's lawns.

But the residents complained that this would force the destruction of many trees and some hedges that could not be replaced for decades. "I agree with those people", notes Mr. Booth, adding that sewer routes have been altered in other places to save trees.

He says the contractor is now estimating extra funds required for the new proposed route. The plan and new costs then go to Queen's Park for approval which he says he hopes to have within a week. This is necessary because the province will only pay for approved expenses. If the North Water Street contract goes over budget then the municipal tax payers could end up paying the difference.

Mr. Booth points out that the new route does entail a few problems because North Water Street will have to be closed. He says a plan to build a road through the Stouffer survey, over municipal land to the arena, then out to Bobcaygeon Road, will be advanced to create a bypass and to allow residents access.

Unfortunately, this means several pine trees on municipal land will have to be cut down, he notes. "We are going to try to cut down as few as possible", he says.

Webster seeks low prices

Jim Webster, Progressive Conservative Candidate for Victoria-Haliburton, believes that it is important that Canadians continue eating at a low cost on the world scale.

In his campaign launching rally, held at the Ops community centre last week Mr. Webster said that only a few generations ago the majority of people in Ontario were directly involved in agriculture.

"The last few decades have seen such significant changes in farming practices and such increases in farm productivity that now only one or two people are involved in growing food for every 98 or 99 of us who are eating it," he said.

He pointed out that the average family in Ontario spends 19 per cent of its income on food compared to 25 per cent in Japan and Britain and 53 per cent in the Soviet Union.

"I expect that the latter figure is a direct result of a state-run agricultural system. That system removes the effort, for better management, for thrift and innovation, just some of the characteristics which have made the Ontario farmer so productive," he said.

Mr. Webster noted that it is ironic that extra productivity can threaten a farmer's livelihood. He pointed out that a slight shift in balance between supply and demand can result in disastrous drops in prices to farmers.

"Unfortunately, this drop in price is rarely carried to the consumer," he said.

Mr. Webster said the best guarantee that the housewife has for reasonable food costs in the future is the maintenance of a healthy Ontario and Canadian agricultural community.

Gerald Heywood, Mrs. Pearl Durant and Mrs. Jane Graham (l-r) met with John Eakins, (right) Liberal incument for Victoria-Haliburton, in the Durant home last Friday. Seven North Water Street residents told Mr. Eakins of their concern over a proposed sewer line. He said he is checking with the Ministry of the Environment to make sure "that the people there get looked after That's my job."

Minister supports national unity

William Newman, Minister of Agriculture, told Victoria-Haliburton Progressive Conservatives that he is convinced that every Canadian from coast to coast believes that Canada should stay together.

Mr. Newman was speaking at the campaign launching rally held for Conservative candidate Jim Webster held at the Ops Community Centre last week.

"I believe we should be united from sea to sea. We have a great nation, one we want to pass on to our children and to our children's children. It is important that we stay together as Canadians from coast to coast, that we stay together as a great country even though we may have differences from time to time," he said.

Mr. Newman said that the progressive conservative government has created job programs especially for young people this summer. He said they are temporary measures but in the long run free enterprise will prevail.

He said the difference between the Conservatives and the New Democratic Party is that the NDP is dedicated to government controls, higher taxes and nationalization of many things. The PC's believe in the free enterprise system.

NDP candidate emphasizes resources

Emphasis on unemployment and natural resources control to protect jobs was the direction taken in the nomination speech of Fred McLaughlin, Victoria-Haliburton NDP candidate, in Lindsay, May 5.

This follows the province-wide NDP strategy emphasizing human and natural resources.

Mr. McLaughlin said a New Democratic government would create jobs by returning money to the consumer's pocket through tax concessions. "This additional money in the hand of the consumer would mean more purchasing power which would stimulate the industrial sector, creating more jobs," he explained.

He referred to the unemployment situation as a "provincial disgrace" adding he could see no hope for the future prospects of Ontario with the present government since Darcy McKeough, treasurer of Ontario, released his budget and a paper claiming full employment in Ontario means 200,000 persons out of work.

The Ontario Budget 1977 under the job creation section states: "Budget Paper A suggests that the full employment target for Ontario appropriate to the 1970's is 5.3 per cent, up from 3.0 per cent some years ago."

The paper says that the increased percentage of unemployment is acceptable because of an expected 2.9 per cent increase in the labour force until 1980. Two major factors were cited an increase in the female labour force triple that of the male labour force and increases in the [illegible] labour force.

However, the budget report acknowledges that unemployment is currently more than six per cent.

Mr. McLaughlin said this economic stagnation has come about through government policy.

He also said the NDP would create a strong secondary industrial complex. He recalled reading a recent economic [illegible] of the Canadian [illegible] which claimed that [illegible] industrial system has [illegible] deteriorated since the early 50's.

"When I read parts of this report I was disgusted because a large part of industrial development takes place in Ontario and the Conservative government, which has been in power, has done nothing to safeguard future jobs for our people," he said.

"We can always pay people not to work," he continued, "but I believe that a job is more than a pay cheque; it is part of a person's life. It is a basic need for every individual to be productive in a society."

Recorder Opinion

Editorials

Police are part of community

"There are three major objectives shared by all law enforcement agencies: to keep the peace; the prevention of crime, and the detection and apprehension of criminals", stated H.H. Graham, Commissioner of the Ontario Provincial Police, in a news release about police week.

Police week is happening now, and Commissioner Graham is right about what law enforcement agencies do.

But there is something else law enforcement agencies do, especially in a small population area like Haliburton County.

In Haliburton County the police, because of the number of employees, are a major industry, the police are important to the economy of the area, and most of all, the police are a major part of the community.

The Provincial Police detachment, in Minden, means much more to us than just keeping the peace, preventing crime and detecting and apprehending criminals.

Fish stocking in the area

In Haliburton County one has to measure what is done in accordance to how it helps economically.

A fish stocking program, by the Minden district office of the Ministry of Natural Resources, will pay big dividents for this area.

Among the many tourists who travel to Haliburton County many are fishermen, and many expect to catch fish. If out lakes are not kept stocked regularly then we will lose these all important customers.

Another viewpoint

Dear Mr. Editor:

Re: The High School Glee Club's Production "Ruddigore".

At last - a review of the presentation worthy of the occasion. Bless you Susan McLaughlin; and the past productions have been just as exhilerating. I look forward from year to year to the first nights and never cease to be amazed at the costumes, sets and deliveries put forth for our approval. And to think that Mr. Gliddon, Mr. Music Man himself, is anchored to the piano for two to three hours but all comes across to us so smoothly.

I would also like to mention this year's Grade Twelve Play which I attended out of a certain sense of duty and ended up spending one of my most enjoyable evenings this winter. I am a Royal Alexandra Theatre subscriber.

I wonder if the school busses could not be run in specified areas for specific evenings so that more parents and friends could see these talented students. I would also like to suggest that the advance publicity be released a week earlier so that our cottage people could plan a worthwhile and entertaining evening in Town.

I will be truly happy when I see the Director and his Board, the Reeves and their Councillors, the County Warden and County Council in attendance. A Green Room? Why Not? The teachers and students involved deserve the recognition.

Marion E. Kennedy

Managing Editor,
The Recorder
Minden, Ontario.

Dear Sir:

The Group Committee would like to express its thanks for all the help you have provided for our organization. We certainly have enjoyed excellent press. The Ladies Auxiliary have also appreciated the use of your office for the bake sales and your windows for the Scouting displays. You have done a great deal to promote Scouting in Minden and we thank you for it.

Joanne Penfold, Secretary
1st Minden Boy Scout Group Committee

The taxi driver was angry. All day, he said as he pucked his way through the traffic, he'd heard nothing but Quebec separation and inflation, crime and high unemployment, baby seals and lousy weather. He agreed that all of these were problems we must try to solve, except perhaps the lousy weather, but was there nothing that Canada could be proud of, he wondered?

The list of problems facing a nation as large and as complex as Canada, with its emphasis on multi-culturalism, its diverse backgrounds and its two founding peoples, is staggering. And to those of us who still think that pride in a nation is not something to be embarrassed about there seems, on the surface at least, not much to cheer about. Certainly, to pretend that all is rosy is almost as unrealistic as to prate about Canada's imminent demise.

Perhaps it is time for the leaders of this country and its citizens to pause for 24 hours -- if we can take that long for such an important exercise -- and together take an honest and realistic inventory of where and what we are. An honest inventory looks openly at the debit and the credit side of the ledger. An honest inventory faces problems squarely, but at the same time takes cognizance of our virtues as well.

We're pretty sure that the results would be more heartening than we think. We would discover that we have a lot for which to be grateful. We would discover, too, that we have a lot of serious changes to face but change is only painful for those who are afraid to look into the future with confidence. An inventory, we are convinced, would show us our assets -- not simply material assets -- and our liabilities -- not merely our economic liabilities -- and we are convinced the former would outweigh the latter.

There is much to be thankful for, and much to be concerned about but if we allow our gratitude to outweigh our apprehension then with our leaders we can begin to see a future that may be different from what we have known in the past, but one which we can face with assurance.

It all comes down to gratitude for the blessings we have.

(The United Church)

Recorder Columns

Inside the Recorder

by Susan McLaughlin

The name of the boat is Loetje, which means, according to two translations that I have picked up to date, either little loafer, or a nickname for someone who is always in the wrong place at the wrong time.

I don't mind if the first translation is correct, although I don't expect that it accurately indicates what my summer will be like. I would like to convince everyone, including myself and a number of people who have offered to stow away, that when I say I am going sailing, it means work. I'm not just hanging up a 'gone fishing' sign. There are few edible fish where I am going, anyway.

As of June 1 I will be sailing with three friends for three months on Lake Ontario. We hope to put three publications and a number of articles together on ports, events, routes, seamanship and ships. It is all as definite and organized as I intend to make it sound. It is not loafing. I repeat, and yet more often than not when I have told people what I am doing, the response is laughter, the kind of laughter that means they think that I am getting off pretty easily.

The people who know me add, when they control themselves, some comment on the sailing ability that they didn't know I had. I have assured them that what I don't know, I will learn, for as every able bodied lowly seaman should, I have great faith in the captain of this enterprise.

I have in fact, sailed before, and with this group. I think I've been through the most miserable weekend afloat with them that I imagine could be possible, and yet at the end of it all, as I stood on deck, exhausted, cold, hungry and drying off in a stiff breeze after a night of pouring rain, there appeared the most gorgeous sunrise and rainbow that I have ever seen, worth every bit of the price paid.

Loafing or not, I expect the summer to be worthwhile.

I'm hoping, at the same time, that the alternate translation of the name Loetje, someone who is always in the wrong place at the wrong time, doesn't mean that we will have to go through an excess amount of hardship before the good results.

While I am not always in the wrong place at the wrong time, I have been known to be in the right place at the wrong time, or wrong place at close to the right time, although sometimes with the wrong equipment (pens, paper, camera, flash) thrown into the bargain.

There are already a number of indications that I'm heading for the wrong place at an inopportune time. I have asked myself over and over again if I'm really sure I want to leave Haliburton county when the summer is coming. There have only been a few years in my life that I didn't spend summers at Hall's Lake, and all the rocks, trees, sunshine and waves that tourist booklets on the Highlands talk about are deeply rooted in my [illegible]ls.

After a wi[illegible]nden, as well as the summer I've [illegible]here are other things that have become deeply rooted. Strongest is my attachment to people I've met in so many ways, people who have been longsuffering, challenging, stubborn, so very kind, and so often surprising in their amazing willingness to talk, share, listen, laugh and let me in on the jokes.

And yet I'm going. I'm glad that most people have asked me where I'm going, what I'm doing and how many life jackets I'm going to wear and have not asked why I decided to go. I don't have an answer to that one.

I have to let it rest at the fact that I am going to sail this summer, and that by the date of this publication, I will be on my way to Toronto to help put the finishing touches to the Loetje.

I prefer, as I say my goodbyes, to leave the impression that I'll be on a boat inaccurately named Little Loafer, rather than on one named Disaster Looking For A Place To Happen.

Actually, I prefer not saying goodbye at all, although it slips out. If you use the word too seriously, you're sure to see all your friends and acquaintances five times in the next three days, an awkward situation when they suppose from your goodbye that you've been packed off for good.

Leaving is just something that happens before you come back.

From the Chamber

by Bob Stinson

We just returned from the Ontario Chamber of Commerce Convention in Toronto, and with very exciting news. The Haliburton Highlands Chamber of Commerce, along with six other worthy recipients, received a Presidents Award at an Awards Luncheon on Monday. The Award was "based on the Chambers informative and provocative series of columns in the local newspaper consistently representing the business viewpoints on community issues". We were certainly extremely proud to accept this award and the considerable prestige that goes with it on behalf of the Haliburton Chamber.

The other Chambers winning awards were the St. Isadore Chamber of Commerce, the Brantford Regional Chamber of Commerce, the Hamilton and District Chamber, the Orangeville and District Chamber, the Guelph Chamber, and the Niagara Falls Chamber of Commerce. Most remarkable was the St. Isadore Chamber which had provided their community of less than 1,000 people with a $60,000.00 medical clinic without any recourse to government assistance. They raised the necessary money, built the clinic and had it staffed by two doctors all within eight months. Brantford received their award for their business education program that they initiated into their school system. Hamilton won an award for their extremely professional Panorama magazine which they publish once a month. Orangeville receive their award for an industrial trade exhibition they ran and Guelph received theirs for a downtown action plan which is expected to create a rebirth of their city. Niagara Falls received their award for organizing an international photo contest in co-operation with Kodak Canada, publicizing the Honeymoon City. As you can see, we were in the company of some very active and ambitious Chambers.

The Convention was very rewarding also in that there was many interesting and informative discussions throughout the two and a half days. The topic '77 program on Monday was particularly interesting. This took up the better part of the day and involved discussions of resolutions submitted by Chambers throughout Ontario that they wished the Ontario Chamber to take action on. Each resolution contained not only a description of the issue but a recommended action. We were pleased to work along with Arnold Warden, President of the Bancroft Chamber, on three issues of local significance. The Ontario Chamber will be submitting our recommendations regarding the administration of water lots and the price policies of provincial parks to the Ministry of Natural Resources. The third issue regarding the Ministry of Industry and Tourisms present administration of travel areas was referred to the executive committee for further study. This means basically that those present agreed with our submission but felt that it was complex enough that it required more input before a recommended action could be established.

At the Tuesday luncheon we were honoured to have as guest speakers both Premier Bill Davis and the Hon. Darcy McKeough. There was approximately twenty minutes allowed for questions and answers and we managed to squeeze a question in regarding Provincial Parks Policy. In spite of the fact that the Hon. Frank Miller, the new minister of Natural Resources, had stated that the price structure of Provincial Parks [illegible]ied immediately, Mr. Davis said there [illegible] change for this season since the budget [illegible]dy been set down for this year. We sup[illegible] that his reply was "extremely disappointing".

Two very real concerns dominated the conversations throughout the sessions at the conventions. Uppermost was the possibility of Quebec separation and what we could or should do to avoid it. It was interesting to note that this years President of the Ontario Chamber of Commerce, Cam Denise, is a French Canadian, and the President of the Quebec Chamber of Commerce is an Anglo-Saxon. The other major concern is our loss of our competitive edge with the United States and other countries. Even while the convention was in progress, two more Canadian subsidiaries of American companies were closed in Ontario. It was generally agreed it was going to take a very real effort by, not only governments, but every individual in Canada, to reverse this trend.

For over a month we have been watching Highlands Plumbing and Heating work towards the completion of their new store in Minden. This weekend is their grand opening of the new showroom on Main Street, Minden. It bears very little resemblance to the old Welch General Store.

With this upcoming long weekend it signifies the opening of another season. Many of our members still do not have a good supply of their brochures in our Minden office.

COMING EVENTS

May 19 - Festival of Fun at H.H.S.S. at 7:30 p.m. Local talent. Silver collection.
May 21 - Minden Kinsmen Mayfest - Minden Community Centre. Music by the Mystics.
May 21 - Minden Figure Skating Club Flea Market - Municipal Parking Lot - 10 a.m.
May 21 - Stanhope Fire Department Gigantic Auction Sale at the Fire Hall - 1 o'clock p.m.
May 22 - Gooderham Fireworks Display at the Ball Park. $2.00 per car.
May 28 - Dance at the Minden Community Centre to Charlie Brandon and his band. Proceeds to Minden Scout P.E.I. fund. $6.00 per couple.
May 28 - Stanhope Fire Dept. Spring Dance - Ray and the Rythmaires at Carnarvon Lanes. Spot Dances - Door Prizes - Buffet - $10.00 per couple.

Restricting by-law passes council

Stanhope council last Wednesday in an unanimous decision passed the long-awaited restricted area bylaw that zones existing land uses and designates all residential properties either rural residential or shoreline residential, both of which permit year round use of either type of Stanhope home.

The bylaw is not expected to meet with provincial approval. A letter from the Ministry of Housing to the planners, Totten, Sims and Hubicki, who have been preparing the bylaw, said that Housing felt their position on seasonal residential zoning had been "made abundantly clear" and that the municipality had chosen to ignore Housing suggestions.

The Stanhope bylaw does not include the seasonal residential clause that the Ministry of Housing would like to see in areas such as Haliburton county.

Stanhope councillor noted the case of Tiny Township, which tried to process a bylaw without the seasonal clause and was rejected.

He suggested that it was time "to go all out" in bringing the issue to a head, saying that since Stanhope property owners got what they wanted in the shoreline residential wording of the bylaw, that they should support the bylaw to the point of getting the Ontario Federation of Cottagers' Associations to act in this instance and force the province to [illegible] its policy more closely.

Shoreline [illegible]ential is a term that was adopted [illegible] following a strong objection to the seasonal residential clause made by township property owners.

The seasonal term relegated some to the position of "second class citizens" who could not demand year round municipal services although they paid full assessments, property owners' association representatives claimed.

Following approval given to the bylaw Wednesday by Stanhope council, the bylaw is to be printed and circulated to every property owner in the township and abutting the township. Objections will be heard by the Ontario Municipal Board which must grant final approval before the bylaw can go into effect.

The bylaw is to be circulated on June 26.

Salary talks "moving well"

The salary negotiating committee of the Haliburton County Board of Education is "moving along very well with the elementary teachers," according to Len Salvatori, trustee for Dysart et al who heads the committee.

Talks with the secondary school teachers have established a good working understanding, Mr. Salvatori said, but "there's a lot of things in there about salaries and timetabling at the schools that has been discouraging to the committee."

The teachers "know where we stand" Mr. Salvatori told the Board at the May 10 meeting, and explained that enrolment, pupil-teacher ratio and number of periods in the school day were being discussed.

Mr. Salvatori noted that he had told the secondary school teachers that if they wanted 24 in the classroom, they "have to give us seven periods" so that "we can work it around to give a better class size."

With respect to salaries, Mr. Salvatori noted that the Anti-Inflation Board has the final say, and, "it's a very tough thing when there's nothing to give."

Robert Penfold is the chief negotiator for the secondary school teachers. Talks will continue with both secondary and elementary teaching staff, and it is hoped that they will be finished by the end of June, Mr. Salvatori said.

Stanhope approves interim policy

Stanhope Council, May 11 moved an approval of "the first leg of an official plan", an interim planning policy with the condition that such a policy would allow subdivisions in rural areas.

Council heard a report of the April 26 meeting between the Ministry of Housing and the Haliburton County planning committee, and voted in favour of the suggestion to work towards a county-wide agreement on a planning policy.

Reeve Sinclair Nesbitt suggested that if the majority of townships in the county are able to agree on a policy, "under the two thirds vote" in county council, that "the other should be forced to go along", for the best of the county as a whole.

"The only way the policy would be really good would be if the whole county came in and we began working together", Mr. Nesbitt noted.

Dysart et al, which has an official plan, is in a questionable position with respect to their involvement and financial contribution towards the planning policy, according to the discussion in Stanhope council. Mr. Nesbitt said that Dysart expressed an interest in helping, and would benefit from having neighbours planned also.

$3,000 project soon to begin in Stanhope

A $3,000 earth moving project will be started behind the Stanhope Garage and Fire Hall to provide a baseball diamond for a team that has been organized and is still lacking a place to play.

The work is to be completed by June 1, John Barclay of the Stanhope Recreation Committee assured ball players at last Wednesday's council meeting, following approval given by Stanhope Council to go ahead with the project that will cost $2,000 more than the committee has been allocated to date.

Council promised that the money would be found somewhere, although there would not be enough for bleachers.

NDP candidate names campaign committee

Fred McLaughlin, New Democratic Party Candidate for Victoria-Haliburton, has named his campaign committee.

Campaign manager is Art Field of Valentine. Ralph Hunt of Lindsay is publicity chairman, Roy Armstrong of Lindsay is committee chairman, Maurice Windatt of Fenelon Falls is finance chairman, George Hughes of Janetville is sign chairman and Jan White of Fenelon Falls is canvas chairman.

Board position

from page 1

eight to 14, who noted at the board meeting that "education can be refused to no one in Canada."

Mrs. Gervais and her husband Raymond are foster parents of children placed with them by the Catholic Children's Aid. The children are from broken homes, where one or both parents have died or the parents have separated, and "are not disturbed children", Mrs. Gervais told the trustees.

A letter of reference from the principal of Santa Maria elementary school, where the Gervais children have attended, was read to the board and confirmed that the children make normal progress in the school system. "I do not hesitate to recommend this family to any community, for they will contribute individually and as a family," the letter from principal Eugene McCallum concluded.

Trustees had a number of questions to ask Mr. Gervais, who came to the board to explain the arrangements within their home and to ask for approval of the board to enroll the children in Haliburton schools.

Mrs. Gervais noted, that there was another way that she could have proceeded, and that was to move to the area without notifying the board or asking permission.

Mr. Poole said Wednesday that he appreciated the fact that Mr. Gervais had come to the board, but that the Board could make no resolution in favor or opposed to the move since they had no jurisdiction over it.

Inquiries were made Wednesday to determine the board's jurisdiction, as Mr. Poole had promised Mr. Gervais Tuesday night that he would look into the matter.

As a result, a letter was sent by Douglas Hodgson, as secretary of the board to Mrs. Gervais on Wednesday to clarify the Board's position.

Mr. Poole noted that the letter explained they made no objection, but re-stated two concerns; that there might be a problem with bussing, even though Mrs. Gervais assured the board that they would bus the children themselves if necessary, and that if the children would ever have occasion to need special education, the school system might not have the facilities to provide it.

Dr. Smith critisizes election call

from page 1

said.

He pointed out that 132,000 "young people" are unemployed and another 200,000 are expected to seek work this year.

"We have not enjoyed the same sound economic management under Mr. Davis that we had under Mr. Frost and Mr. Robarts. Instead, we have been burdened with a string of record-breaking deficits which have increased the debt burden for every man, woman and child in Ontario from $185 in 1970 to $840 today" Dr. Smith said.

He pointed out that interest alone on the provincial debt now costs almost $3 million a day.

Dr. Smith said that drastic steps must be taken to get the economy back on course.

He said that a Liberal government will limit the increase in provincially controlled taxes, rates and fees to the same anti-inflation guidelines that control income. "No tax including property tax, no rate and no fee within provincial jurisdiction will be allowed to increase faster than your income, under a Liberal government", Dr. Smith said.

He noted that these tough controls will not be used to provide a break for the energy wasters in the province and cannot be applied to oil prices set in foreign countries. He added, that they will be able to hold the line on hydro increases for basic light and power needs to the increase in wages allowed by the anti-inflation board.

"Since the anti-inflation board was established in October, 1975, your wage increases have been limited to eight percent each year. But during that same period, the Davis government has raised your OHIP fees by 45 percent. They have raised the tuition fees at community colleges by 30 percent. They have raised the paid-up capital tax for corporations by 50 percent. GO transit fares have jumped as much as 25 percent on some routes, and an average of 21 percent. And hydro rates, even for basic light and power, were raised almost 30 percent in a single year", Dr. Smith said.

He claimed that under a Liberal government it won't be allowed to continue. "We're a free enterprise party. We know that businesses must expand if our economy is to grow. And we know that people will only start investing in business expansion when government starts taking a smaller piece of the pie", he said.

Dr. Smith questioned why government shouldn't do its share in getting the economy growing again? "Why shouldn't government have to make the same kinds of tough spending choices as you do when your income is controlled? Why should controls apply to the little guy, but not to big government? The excuses offered by Mr. Davis and company indicate that they still fail to recognize the seriousness of our economic problems", he said.

Dr. Smith said that a Liberal government will lead by example. "We'll take the tough steps that are necessary to create jobs and get the economy back on course for the little guy", he said.

Stanhope is trying to keep Canada Works working

Stanhope Council spent some time at last Wednesday's meeting discussing how to keep the men on their Canada Works program working.

Most of the general needs projects that were to be covered by the $21,997 allocated at the beginning of April, have been completed. The renovations to the present Stanhope municipal office is the only remaining project among those originally proposed.

The federal grant, through Manpower, has provided Stanhope township with wages for approximately five men from now until December.

Clean-up of the Beech Lake Look Out, repainting of the old town hall, brushing and clearing of trails and general repairs were due to be finished by last Friday, Stanhope Clerk, Gerald Bain told council.

Council had considered leaving the renovations of the municipal building until next fall, when the office is not as busy, but decided that they should go ahead with what was on the original proposal as soon as possible.

"We were within a hair of not getting it, so we have to use it for what we said we would", Reeve Sinclair Nesbitt warned.

Council also discussed additional projects to be taken on, such as landscaping in front of the library, fire hall and garage, and more extensive clearing at dam sites and township parks, in an effort to keep the men busy.

Subdivision zoned for Stanhope area

The 20 lot subdivision now zoned for the area north of Highway 530 at the Norley Road, was named by Stanhope Council last Wednesday.

The subdivision, Lakeview Heights, will provide permanent resident and public open space, according to a spot zoning bylaw passed at the May 11 council meeting.

The bylaw had already received approval from the Ministry of Housing. It is now published to go to adjacent property owners.

Any objection to the bylaw made within the two weeks provided, will send the document to the Ontario Municipal Board for final adjustments.

Council asked developer Larry VanLieshout that some condition be put upon the sale of the lots to ensure that homes were constructed within a reasonable amount of time. "It's only good to the municipality if homes are built", Reeve Sinclair Nesbitt noted "since it will increase the assessment for the township".

Council authority questioned

A solicitor's letter, sent to Stanhope Council on behalf of Mr. & Mrs. Robert Townsend, property owners on Kushog Lake, who have questioned council's decision to forbid water ski slalom courses in the township, last Wednesday asked for a copy of the bylaw that would give power to council's decision.

According to the Ontario Municipal Act, the solicitor noted council was able to forbid slalom courses in the interest of the inhabitants of the municipality if the decision was upheld by a bylaw.

Council originally forbade the construction of a slalom course by resolution only, at the February 9 meeting.

Last week, May 11, they passed a supporting bylaw to forbid the construction of slalom courses or water ski jumps in the municipality.

Clerk Gerald Bain noted to council that the earlier resolution stood as a resolution of intent to forbid slalom courses.

Councillor Napier Simpson restated council's position that "the water is public domain and to put any fixed structure on it is wrong".

"I think we'll just stand our guns, and if they want to take us to court, we'll go" Reeve Sinclair Nesbitt said adding that "there's no doubt that council has the support of the cottager's association".

The associations have all been contacted and asked to send in a statement of their membership's determined at the April 13 meeting.

Kushoq Lake mortages sold for $150,000

The mortgage on two township lots on Kushog Lake, sold recently for a total of $15,000 to go towards the Stanhope Library, "counts as money in the bank" as far as the Wintario grant structure is concerned, Stanhope Council learned last Wednesday, but it will not be held by the township.

The lots were donated to the municipality on the condition that their sale would go towards the fund for the library construction.

Council discussed selling the mortgage at face value, primarily to save administration worries. Reeve Sinclair Nesbitt and Councillor John Tomlinson both indicated a willingness to purchase the mortgage "as a last resort" if no other buyer could be contacted.

$500 damage in single vehicle accident

A single car accident, on South Bay Road, early Sunday morning, resulted in $500 damage to a car driven by Daniel A. Turpin, 19, of Scarborough.

The Minden detachment of the Ontario Provincial Police report that the car was southbound at the time when it entered the west ditch striking a tree.

A single car crash, at 10:05 a.m. Saturday morning resulted in $1,500 damage to a car driven by Mary E. Shaw, 47, of R.R. 1, Minden.

The accident took place on Highway 35 in Stanhope Township.

There was $700 damage to a pick-up truck driven by Colin A. Dick, 35, of Tory Hill, when it was involved in an accident Friday at 1:50 p.m. on Horseshoe Lake Road.

There was $50 damage to a hydro pole as well.

Eakins

Recognize tourism

Tourism should be recognized as a primary industry of Ontario and a trend since 1973 of American Tourists not coming to Ontario must be reversed, according to John Eakins, Liberal incumbent candidate for Victoria Haliburton.

Mr. Eakins was speaking at the Liberal Party's nomination convention held last week in Lindsay. He was unapposed in his quest for rehomination to represent the Liberal Party in the riding.

Mr. Eakins said that he is concerned about strengthening small rural communities.

Concerning the unemployment situation, Mr. Eakins said that he will continue attempting to find work for people.

Mr. Eakins said he will continue a program of keeping the people informed in the riding through such things as a weekly column which is published in by the local newspapers.

He pointed out that over the year and a half that he has been the member for the riding he has established a constituency office in Lindsay and was planning to open an office in Haliburton but that has been postponed because of the election.

Mr. Eakins also spoke on what he would like to see for the small businessman and how management and financial help could strengthen the economy by creating jobs.

Guest speaker

Felix Walker, co-ordinator of the Recreation-Development section of Sir Sandford Fleming College, will be speaking at the regular meeting of the Haliburton County Social Planning Council May 26 in Carnarvon.

The meeting will be held at the United Church beginning at 10 a.m. The meeting will be open to the public.

Trent-Severn Waterway news

This is the first of our 1977 season weekly news columns on the Trent-Severn Waterway. We endeavour to keep cottagers, boaters, and visitors to the Reservoir Lakes and the Waterway informed of water levels, flows and other interesting happenings around the system.

The navigation season begins Friday, May 20 and is expected to be the beginning of a busy summer.

The user permit fees are the same as last year with the exception of a new permit for Senior Canadian Citizens with a craft 24 feet or under.

The permit will be issued free of charge provided the application is supported by proof of age (i.e. Birth Certificate and/or Senior Citizen's Card) along with documentation that the boat they are using is either owned, rented or borrowed. The Senior Citizen must be on the boat when the permit is used for lockages.

The permits will be available from either lockstations that sell permits or the Waterway Headquarters, Peterborough.

This past winter the severe weather had promised a large freshet when spring came. Instead the early thaw which was not accompanied by appreciable amounts of rainfall produced only a moderately low runoff. A lot of the water probably infiltrated the ground to recharge the aquifers which were low enough last fall to give many people shortages in their wells.

On May 12, 1977 the reservoir storage amounted to 90 percent of maximum which is very close to the recommended safe limit. This water is not evenly distributed in the lakes, but will be quite soon when we begin to draw water for use in the canal.

The Otonabee River outflows at Peterborough are being held at low summer flows already to maintain levels of the Kawartha Lakes without the benefit of reservoir water. Evaporation losses there are still very low so that local inflow around the Kawarthas themselves, plus minimal flows from the Haliburton area, are sufficient.

Beaver Colony outing Sunday

Sunday, May 15th was a very exciting day for our Beaver Colony. They met at Rotary Park at 2 p.m. where they were joined by a busload of Beavers from Bancroft and Cardiff for their first Beaver-ee. The boys played all sorts of games and sang songs around the campfire and ate hotdogs and roasted marshmallows til they could hold no more. When one young man was picked up by his parents, his comments were "It was just great - I was sick twice!!" A big thank you to our two leaders, Angie McCloskey and Diane Pratt - they do a brilliant job with the boys and spend many hours preparing and devising outings and activities for the Colony.

The Ladies Auxiliary also had very good weather for their bake sale and bazaar at the Bank Corner, on Saturday - they collected $120.00 towards the Jamboree Fund and we understand it could hve been a little more as one "gentleman" absconded with a pie -- evidently a stranger in our midst -- however, perhaps he enjoyed it and will realize it wasn't paid for? The ladies were very pleased with the results of the sale and would like to thank everyone concerned, especially Mr. Rome, the Bank Manager, who kindly allowed us to use the Bank lawn. Hope you are arranging to attend our dance, on May 28th, at the Community Centre - tickets are now on sale at $6.00 per couple and can be obtained from any member of the Group Committee or Ladies Auxiliary - no doubt the inducement of having the music of Mr. Charlie Brandon, Mr. Bill Hutchison, Mr. Peter Stribling and Mr. Don White and others, will help sell our tickets. These gentlemen have donated their time and talents for our cause and it says a great deal for them. Please join us - for it is going to be a very good evening.

The Venturers recently held their annual meeting and elections and their new President is Randy Peacock. They will be accompanying the Scouts on their next overnight campout in June and we understand they will also attend the Cubaree at Balsam Lake Park, May 27-29. It is so nice to think of the older boys assisting with the Cubs - I don't imagine it would be too much fun for the leaders alone.

Thursday, May 19, is the First Annual Festival of Fun at the Haliburton High School. It is hoped that everyone who can will attend and that this will be an annual event for the County of Haliburton.

Looking Back

This view of the Main Street of Kinmount was taken in 1912, looking north from the bridge over the Burnt River.

Not much of the original street remains as the business section was wiped out by fire 35 years ago, in April of 1942. Our thanks for the loan of the photograph go to Grenville Schrader of Oakville.

From the Coulter scrapbooks

New wing at secondary school

1965 NOTES
HALIBURTON COUNTY
DISTRICT HIGH SCHOOL

Have you been through the Haliburton County District High School yet? If you wish to do so we would advise you to secure a guide at this centre of learning which now has an enrolment of five hundred students, has a building of enormous size.

We understand that in the near future an official opening of the new composite wing will be held and this will provide all interested parties with an opportunity to see what a tremendous operation this is.

NASSAU BAHAMAS

A record of continued good services to his community and the sustained support of his customers earned Minden IGA dealer Joe Dollo and his wife Florence, an expense-paid trip to Nassau in the Bahamas.

Mr. and Mrs. Dollo arrived in Nassau last weekend to attend a six day IGA convention on human relations and community service. The conference, is sponsored by the Oshawa Wholesale Limited, Toronto, IGA supply depot in central Ontario.

According to IGA officials, the conference is an advance study for continued exemplary service to their customers and "dedication to the highest IGA principals."

Mr. Dollo, however, prefers to attribute the success of his business and this special recognition from Oshawa Wholesale to "the people back home. They made this trip possible for us, through steadfast support and loyalty. We are grateful to our customers and hope to bring back many ideas on how to serve them even better than before," he said.

SURPRISE PARTY

A surprise birthday party was held at the home of Opal and Don Crowe Sunday, October 10 on the occasion of Mrs. Raymond Hewitt's birthday.

Present were Don and Joy Kellett, and Moyer and Penny Hewitt, all of Brampton, Elaine and Wayne Anderson, Valerie Sterling and her mother, Mrs. Wm. Cox, Marie and Ellwood Cox, Evelyn and Loyne Cox, Mary and Lyman Cox, Denzil and Anne Cox all of the village.

Mrs. Hewitt received many gifts as well as a grand surprise. A buffet of turkey, salads, pineapple dessert, birthday cake, tea and coffee were served.

Thurs. November 17, 1966
DOMINION HOTEL UNDER NEW MANAGEMENT

Everyone in the county of Haliburton knows the Dominion Hotel here in Minden, for it is the second oldest building in the community still standing - only the old Clergy House has many years to uncover. The Dominion has had many owners, too many in fact to go back over the names, however Steven and Kay Rastall have been the owners over the past 14 years, until Monday, November 14, when they sold the building and business to Mrs. Marie Kiedyk, of Kingston, Ontario.

The loggers in days gone by, when they used the Gull River for transporting their logs, made the Dominion their home, when they reached Minden.

The loggers used to share the attic and called it Texas, because of its spacious living quarters. The Dominion was also the main stop for the stage coach, in days before the automobile. This hotel was also home for the prospectors in and around 1954, when the copper mines were discovered at Brady's Lake.

The hotel has been a land mark for many people and home to many others. The owners of this hotel through the years have made it a friendly place to stop over, and Mr. and Mrs. Rastall have certainly filled the bill when a home was needed away from home.

No bag pipes at secondary school

Bag pipe instruction will not become a part of the music curriculum at Haliburton County schools, although county principals will make every effort to assist any independent program of pipe instruction that could be carried on at the schools, Douglas Hodgson, director of the board of education told the May 10 meeting of trustees.

The decision was made at a recent meeting of principals and Mr Hodgson. The request to begin instruction in grades seven and eight music programs was made to the April meeting of the board by Don Johnson, band master of the Haliburton Legion Pipe Band.

In his report to the trustees last week, Mr. Hodgson explained that the principals could see the advantage of the pipe band and of pipe instruction in the county, but that "the introduction of another music course would take away from one or both" of the music programs already established.

Most elementary schools in the county have instrumental music programs, with the exception of Dorset and Cardiff schools, Mr Hodgson said. Vocal music programs have also been instituted.

Mr. Hodgson estimated that the Haliburton Board spends the most of any board in Ontario in relation to the number of students on its music programs, and that the principals didn't feel there was the money for pipe instruction.

As with piano instruction given at the schools, paid for by parents, the principals agreed to give space, time and encouragement to anyone who wanted to come into the schools to teach bag pipes in lunch hours, after school or in spare time during the day.

Earl Cooper, trustee for Dysart et al as well as pipe master of the Legion Pipe Band, commented that he was pleased with the arrangement and that it would work out quite well with the instruction that Mr. Johnson had in mind.

It was suggested that some community group might also be willing to support the cost of the program.

Davis attending gala reception

The Victoria-Haliburton Progressive Conservative Association are going all out to hold a Gala Reception in Lindsay this Friday evening, May 20th to give the people the opportunity to meet Premier Bill Davis and Victoria - Haliburton Progressive Conservative candidate, Jim Webster.

The Gala Reception which will be held at the Lindsay Collegiate and Vocational Institute is from 7:00 p.m. until 9:00 p.m. with the main attraction being the Premier of Ontario, Bill Davis.

The Conservatives are going to say it with music with three Lindsay bands to supply the music to stir the hearts of everyone.

In attendance will be the Lindsay Kinsmen Band, Kawartha Kavaliers and the Lindsay Pipe and Drum Band.

Everyone is welcome and as an added feature there will be a beef barbecue and soft drinks - no charge.

Premier Davis is the second party leader to visit the riding since the election was called. Liberal leader Dr. Stuart Smith was in Lindsay last week.

Fire hazard is very high in this region

Weather conditions in the Algonquin Region, along with the lack of rain so far this season, are keeping forested areas in the extreme hazard range.

Forest fires start readily and spread quickly under these conditions, presenting control problems for fire fighters.

A combination of high temperatures, high winds and low humidities, forecast for this week, add further to the current danger.

Residents and visitors are requested to take all precautions with fire in any form. Don't leave fires unattended and ensure they are dead out before leaving.

Last year, in Algonquin Region, there were a total of 285 forest fires for the entire season. Since April 1, 1977 the 224 fires to date are rapidly approaching the total number for all of 1976. With almost six months remaining in the current fire season, more records may fall.

Algonquin Region is composed of the Districts of Parry Sound, Bracebridge, Minden, Bancroft, Algonquin Park, and Pembroke.

Don't tear up your tickets

Don't tear up that ticket. You're not a loser.

As an Ontario citizen you'll benefit from projects aimed at safeguarding and improving environmental health in this province made possible by funds from the Provincial Lottery.

The Ontario Ministries of the Environment, Health and Labour will share in the allocation of $5 million to augment existing programs.

In Environment Ontario's case, lottery proceeds will fund badly-needed projects not otherwise possible.

The goal of one Ministry project is the identification and restoration of abandoned mine tailings. Many of these areas of processed ore and waste from mining and refining pose a potential threat to environmental health through contamination of water tables.

Another project, a study of alternative water disinfection methods, seeks to develop the best methods of providing the safest drinking water for the people of Ontario.

Still another Environment Ontario project will provide an estimated $70,000 from lottery funds to pay for the cleanup of lead contaminated soil on about 100 properties near three lead smelting plants in Toronto.

OTTAWA and SMALL BUSINESS

Arthur and Henry Henuset own a business that, logically enough, is called Henuset Bros. Ltd. It's 27 years of operation, Henuset has built 25,000 miles of pipeline in Canada, making it probably the country's biggest pipeline contractor.

• • •

Back in November, Alberta Oil Sands Pipeline (A.O.S.P.) Limited needed approximately 150 miles of crude oil pipeline built. Syncrude Canada Limited needed 162 miles of gas pipeline. Henuset was invited to bid on both projects, just as the company has bid on hundreds of similar projects in the past.

• • •

As it turned out, however, these contracts were awarded in a rather unorthodox manner. Although Henuset's bid was the lowest in both cases (by about $5 million total on a combined bid of only $51 million) the company lost both tenders.

NOTICE
regarding
CROWN TIMBER SALES
MINDEN DISTRICT

Effective immediately all District Cutting licences will be offered as Tendered Timber Sales with the exception of fuelwood, or Timber for personal use where stumpage charges do not exceed $400.00.

Eligibility for tendering on District Cutting Licences will be limited to residents of the Minden Administrative District with the Ministry of Natural Resources. Sales will not be advertised, and sale notices will be sent only to those parties having made application for same at the Ministry of Natural Resources office in Minden.

For further particulars on tendering requirements, eligibility, and for application to receive sales notices, please contact the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0. The next Tendered District Cutting Licence will be offered May 27, 1977.

Boat patrol is on the lakes for the summer

The Minden detachment of the Ontario Provincial Police has its boat patrol out for another summer.

During the past week, while patrolling lakes along Highway 35 and in Lake Kashagawigamog, five persons were charged for not having enough life jackets in their boats.

HHSS takes top spot in area track and field championships

Haliburton Highlands Secondary School came out in top spot in the Kawartha West Track and Field Championships by a margin of 170 points over Fenelon Falls. This is the fifth straight year that H.H.S.S. has won the trophy.

In the girl's division Anne Marie Van Lieshout led the way with three firsts including wins in the midget girl's 800 metre, 1,500 metre and 3,000 metre.

Kelly Martin took the midget girl's discus event and Nancy Wood won in the midget girl's javelin competition.

Darlene Danilko won two events in the junior girl's division, coming first in the distance hurdles and the high jump. She set records in both events. Carol Lee took top spot in the junior girl's discus.

Kelly Martin came second in the midget girl's 400 and 800 metre. Sheila Greer was second in the 1,500 metre, Judy Gostlin was second in the high jump, sheila Greer second in the 3,000 metre, Sandra Kieckhoefer was second in the discus and Sheila Simpson, Pat Burk, Kelly Martin and Janine Kellett were second in the 400 metre relay.

Third place finishes for H.H.S.S. in the midget girl's events went to Sheila Simpson in the 100 and 200 metre events, Janine Kellett in the long jump, Carol Glover in the sprint hurdles, Lisa Salvatori in the shot put.

In the junior girl's division Darlene Barnhart was second in the distance hurdles, Kerry Hodgson was second in the long jump and Carol ee came second in the shot put.

Valerie Crofts was third in the 400 metre event and Lonnie Wood finished third in the 1,500 metre.

Angela Sisson was the only first place winner for the senior girls coming out in top spot in the discus but she also finished second in the javelin while Carey Shepstone was third in the 800 metre, Shelly Moxam was third in the 400 metre, Jeannine Daigle third in the 1,500 metre, Kelly Benney third in the sprint hurdles and the relay team of Carey Shepstone, Jeannine Daigle, Kelly Beeney and Kathy Dawson were third in the 400 metre relay.

In the midget boy's division Butch Manary won the 800 metre, Mike Iles took the sprint hurdles, Dave Harrison won the distance hurdles and Dan Allison took the discus.

Herb Roodenberg was second in the 3,000 metre Dave Harrison second in the sprint hurdles, Andy Sharpless second in the long jump and Mike Bird second in the triple jump.

The relay team of Butch Manary, Andy Sharpless, Scott McColman and Dave Harrison were second in the 400 metre relay.

H.H.S.S. midget boys finishing third were Scott McColman in the 200 metre event, Butch Manary in the 400 metre, George Crofts in the 1,500 metre and 3,000 metre, Warren Aggett in the distance hurdles, Paul Smith in the high jump and Roger Hicks in the javelin.

First place finishers for H.H.S.S. in the junior boy's division were Mike Scheffee in the long jump, Craig Kennedy in the triple jump and Bart Barnes in both the shot put and discus.

Brent Devolin finished second in the 800 metre, Craig Kennedy was second in the sprint hurdles, Brent Colliver in the distance hurdles, Ed Roberts in the long jump, Mike Scheffee triple jump, Ken Griffin in the discus.

The relay team of Rod Consack, Mike Scheffee, Ed Roberts and Brent Colliver finished second in the 400 metre relay.

Third place finishers in the junior boy's division were Rod Consack 100 metre, Bill Musclow distance hurdles and Alan Cooper finished fourth in the 1,500 metre steeplechase.

Finishing first in the senior boy's division were Brian Mulholland in the 3,000 metre, Larry Stinson in the sprint hurdles, Joe Roberts in the long jump, Tim Oram in the shot put, Doug MacNab in the discus, Tom Roberts in the javelin and the team of Joe Roberts, Tim Oram, Doug MacNab and Larry Stinson in the 400 metre relay.

Kirk Potter was second in the 800 metre, J.D. Bishop in the sprint hurdles, Steve Colliver in the long jump, Joe Roberts in the triple jump, Steve Kirkpatrick in the high jump, Doug MacNab in the shot put, Tim Oram in the discus and Dick Stouffer in the javelin.

Third place finishers were Larry Stinson in the 200 and 400 metre events, Brian Mulholland in the 800 metre, Kirk Potter in the 1,500 metre, Paul Cummings in the 3,000 metre, Kirk Potter in the steeplechase, Mark MacDuff in the distance hurdles, J.D. Bishop in the triple jump, and the relay team of Brent Colliver, Brent Devolin, Steve Colliver and Larry Stinson in the 1,600 metre relay.

Large boat has smaller cousin

What does the largest Environment Ontario vessel have in common with the smallest?

Everything.

When Guardian No. 1 was at the shipyard a while back waiting to become the largest of five Ministry water quality survey vessels, Hugh McCall was busy in his own workshop making an exact duplicate - 1/30th of the size.

Hugh, a graphic designer for the Ministry, worked from the blueprints for the 54-foot survey vessel. Seventy hours of meticulous work later, he had a perfect replica from scratch.

Making extensive use of photographs of the big boat, he color-matched every detail from the lab sink and refrigerator in the cabin to the flags and markings sported by the craft.

Characteristic of the attention to detail are the serrations on the ship's deck fashioned by thousands of knife pricks.

The proportions of Hugh's model are correct even down to the champagne bottle used to christen Guardian No. 1. He carved the bottle from balsa wood, the predominant material used in the model. To achieve the proper shaping for the hull, Hugh traced the blueprint and transferred the contours to a block of laminated balsa wood.

A half-foot of marine chain, a functional spotlight and miniature life preservers purchased at a hobby store are the only exceptions to an otherwise hand-made boat.

Hugh built the model for use in the Ministry's exhibit program at many Ontario fairs and exhibitions.

Board hears about family life

Family Life was explained to the Haliburton County Board of Education, May 10, when department head, Rosemary Kenney spoke to the trustees about the program at the secondary school that takes students from the basics of sewing and cooking through to being able to make considered decisions on everything from quality of foods to quality of relationships.

"I feel that family studies, especially family and child, should be compulsory", Mrs. Kenney told the board.

"I come from the Home Economics era when it was sewing and stitching, and I'm glad to see there's been a big change", board chairman, Richard Poole, noted in his thanks to Mrs. Kenney for a presentation that sparked a good deal of interest and discussion among trustees.

Included in the remarks was admissions such as "women's liberation has been a freedom for women to kill themselves working in a majority of instances", voiced by director of the board, Douglas Hodgson, when the role of women and men in the care of the home was brought under question.

Mrs. Kenney expressed her concern that there were not many boys who were willing to take the Family Life courses, which centre in the upper grades, on human relationships and responsible ways of choosing lifestyles. "In a subject that deals with a family, how can you have 'just girls'" she asked, explaining that the courses, as they stand, don't really cater only to girls, and that "it must be tradition", that keeps the boys away.

Mr. Hodgson's statement and others like it, for and against some of the aspects of the program, were an indication of the importance of, and interest in the course that centres on skills necessary for living, choosing a mate, raising children, and buying and running a home.

All these are skills, board members agreed, that have to be reflected upon and learned.

Mrs. Kenney described one experiment designed to give some idea to students of the responsibilities of parenthood. She explained that pairs of students are given charge of one raw egg for a week. They had to take care of it at all times and make sure someone was with it if they couldn't be. By the end of the week Mrs. Kenney said some were feeling a great deal of pressure from caring for this relatively simple object.

Concepts and values are also dealt with by the program and Mrs. Kenney noted that while she never forced her own values or middle class values on the students, she was often called on to be honest and open about her own decisions and life in a variety of areas. The situation of trust and open discussion is considered invaluable in helping students learn how to make their own decisions.

The main stress of the program, that teaches into sociology, psychology, anthropology and history by grade 13, is one the importance of the family as a unit.

h.h.s.s. news

by Becky Davidson

On Monday, May 9, our badminton teams travelled to Lindsay and won the Victoria-Haliburton Badminton Tournament. Our undefeated teams were Darlene and Donelda Danilko (senior girls doubles), Larry Stinson and Grant Wallace (senior boys doubles) and Mary Darby (girls singles).

Mr. Robertson's and Mr. C. Wallace's A4 geography students took a two day trip to Toronto May 10 and 11. The purpose of their trip was to make an extensive study of the downtown district and lakefront as part of their study of urban geography.

The Senior Band and Stage Band travelled to Havergal College in Toronto, May 12 and 13. Fortunately, the Senior Band blazers had arrived on time. The Stage Band wore their "Opus 17" T-shirts. Both bands played very well at an assembly for Havergal College, Friday, May 13.

On May 12, our track and field team went to Fenelon Falls to compete in the Kawartha West Track and Field Meet, which it won again. Our school's name is the only one on the trophy.

Miss Koehler and 15 students from the "Outers" club went on a 5-day canoe trip, May 6-10, in Algonquin Park.

H.H.S.S. first Trasharama by the G1D class was extremely successful. These hardworking students were able to fill two half-ton trucks with garbage ranging from tires to scrap metal, to four garbage bags of pop cans from the area surrounding the school. A prize of $20 was given to Herb Rodenburg's group, $10 to Bailey Hamilton's group and $5 to Ted Pilchet's group. Congratulations on a job well done.

Along the Trails

by Roy Bates

Congratulations!

Elsewhere in this paper you will read about the recent Chamber of Commerce convention. We are very pleased to add our congratulations to Bob Stinson for capturing the President's Award this year for his weekly column. It was well earned!

We might comment, however, on the lack of local support for such important events as that convention. We understand that Bob was the one and only representative there from this very large sector of the Province. It is unfortunate that the very people he works so diligently to help cannot find the time to take part in such policy-making meetings. Seems there's always plenty of time for criticism.

I am reminded of another convention that took place in early April, when the largest club in the Ontario Federation of Snowmobile Clubs was without official representation. Yes, I refer to the Haliburton County Snowmobile Association. One would have thought, from the amount of OFSC criticism emanating from this club last year, that its voting delegates would have been front row centre.

The same lethargic, "Let George do it", attitude prevails right down the line. A few directors in the HCSA work their hearts out for the snowmobilers of the county only to receive more brickbats than bouquets.

The time for appreciation is now at hand. And the most welcome compliment the HCSA could have would be your presence at their general meeting next Sunday afternoon. Two o'clock at the clubhouse, the old Donald school on Highway 519, a couple of hours out of this long weekend could well be a very wise investment in your future. See you Sunday. Everyone welcome. Members only to vote.

Teen Won't Stand For Babysitting

DEAR ABBY: I am a 14-year-old girl who doesn't really like to babysit. Up until now, I only babysat when I had nothing else to do. Lately when I'm asked to babysit and have other plans my mother makes me break my plans in order to take the job. She says now that I am old enough to earn my own money, I should do so whenever I get the chance.

One time when I turned down a babysitting job because I wanted to do something else with my friends, she cut my allowance off completely. She said if I wanted pocket money, I could earn it.

If we were a poor family, which we are not, I could see her point. How can I get my mother to see my side of it, Abby?

Or do you think she's right?

NON BABYSITTER

DEAR NON: If your "plans" constitute something important (like a special event, or a party that has been planned in advance) I think you should be allowed to turn down a babysitting job to pursue your plans. But to refuse to "sit" in order to goof around with your friends is, I think, immature.

DEAR ABBY: I don't have a problem at the moment, but I'd like to share something with you that might be of interest to your readers.

Some friends of mine were married recently and went to Tampa, Fla. for their honeymoon. (Let's call them Mike and Judy, which aren't their real names.)

Well, before they boarded the plane to go home, they went into the lounge for a drink, and Mike had one too many. He then took a large candle which Judy had bought as a souvenir at Disney World and waved it to a woman security officer at the airport, saying, "This could be a bomb!"

Well, she immediately called the FBI and a few others and Mike was promptly hauled off to jail. His bond was set at $7,500.

To make a long story short, Mike's little "joke" cost him 10 percent of the $7,500 for bail, two days in jail and two days of work missed, and to top it off he has to fly back to Tampa to stand trial and possibly face a jail sentence and a fine.

Maybe this little account will stop some other clown from making jokes about bombs in an airport.

NO LAUGHING MATTER

DEAR NO: There are warnings posted in every airport stating that jokes about "bombs" are a federal offense, punishable by law. But some people (like Mike) have to learn the hard way.

DEAR ABBY: I was walking down the street when I happened to come upon a pitiful sight. A little boy, who couldn't have been 2 years old, was harnessed on a leash, like a dog. And this leash was attached to a clothesline. The poor darling looked so unhappy!

Finally I rang the doorbell, and the mother came to the door. I told her that leashes were for dogs, not children, and she said, "Is that so? Do you want to watch him for a while?" Then she slammed the door in my face. I have told this story to several of my friends, and they all seem to think I had no business ringing the bell. What is your opinion?

LOVES CHILDREN

DEAR LOVES: Unless the child was exposed to some possible danger, I would vote with your friends.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Supper held for Thurs. card players

On Wednesday, May 11, nearly 50 of the Mini Card Party Group had their pot luck supper at St. Paul's Parish Hall.

The meal had been planned and the tables were tastefully decorated with spring flowers. Father Brown said grace after all were seated. After the delicious meal was over, Lillian Davidson reported that there had been 1021 people attending the 31 afternoons. She presented a cheque for $460 to the Anglican Church and also gifts for perfect attendance to Joyce Hewitt, high for euchre to Vera Fuller, high for cribbage to Dora Dawson. Gifts were also presented to the organizers, Nellie and Harry MacMinn, Lillian Davidson and Jeanne Sears.

The latter said a few words explaining how their games were organized and had the name "Mini" Card Parties. She invited everyone to stay for a social game of their favourite cards. The 'clean-up' squad went to work and later all had their game of cards.

The date for next season to start is September 29th at 1:30 with everyone welcome. See you then!

The Recorder Family

Faith can do anything

"Faith can do anything" was the theme for a Rally of some 45 United Church Women of Region 4 in Baddow United Church, on May 4. Those attending were from Baddow, Burnt River, Coboconk, Kinmount, Norland and Victoria Road.

Warm words of welcome were extended by Mrs. R. Puterbaugh, Region Chairman, and Mrs. O. Wells, Baddow U.C.W. president.

The day was off to a fine start as Mrs. K.J. Crawford and Mrs. Grace Sisson led in devotions, calling us to worship in the words, "Let us run with 'faith' the race that is set before us". In her timely remarks, Mrs. Sisson reminded that "All things work together for good to them that love God".

Elections resulted as follows: Region Chairman - Mrs. Gerald Bartley, Norland; Vice-Chairman - Mrs. Alan Brown, Kinmount; Secretary - Mrs. Jane dettman, Kinmount.

Norland U.C.W. extended an invitation for the 1978 Rally.

Greetings were brought by Presbyterial President, Mrs. Gordon Gilson and other Presbyterial officers who were present. U.C.W. were urged to support the Bursary Fund of our Church which is able to help many who are training for leadership in the Church, the Anduhyon House, Toronto, a home for Indian girls until they become established in the city. Remember to send parcels to Dr. George Burgess in Angola. A note of Christian encouragement could be sent to: Peace People Movement, 8, Upper Cres., Belfast 7, Northern Ireland.

Dates to remember were announced: The School for U.C.W., September 9 - 11 at Quin-Mo-Lac Camp with the theme "Understanding our Faith" and a "Festival of Faith" on October 21-22 at Cambridge St. U.C., Lindsay.

Mrs. O. Wells led in joyous singing and was followed by a report of the 1976 School for U.C.W. given by Mrs. G. Bartley. Mrs. Bartley said that the speaker at the school had admonished "Keep your faith simple". Our prayer might well be "Lord, make me simple and simply Thine". In closing she said "Let us always remember how rich we are in this land"!

A Smorgasbord Luncheon, prepared by the Baddow U.C.W. was greatly enjoyed.

The afternoon session opened with a very pleasing solo, "Holding Thy Hand" by Mrs. M. Nevinson of Norland, accompanied by Mrs. Ethel Hanson.

The "In Memoriam Service" for those who had passed on during the year, conducted by Miss Vina Neale, was most meaningful.

Burnt River U.C.W. received and dedicated the offering.

Mrs. Jack Jewell, of Lindsay, who has made two visits to the Holy Land, was the guest speaker. She spoke of these trips as a spiritual fulfillment and a deepening of one's faith. Her slides were very lovely and organized to show the places of the birth, ministry and crucifixion of Jesus Christ. Her closing remark was very significant. "What you are is God's gift to you; what you make of yourself is your gift to God".

The Benediction, pronounced by the Rev. K.J. Crawford, brought a very worthwhile day to a close.

Chatting with Irene

286-1674

For the past 3 weeks there has been a Talent Contest on the weekends in Lindsay. The Gartshore Boys have been entered in it and on Sunday, May 15, Scott Gartshore, on his Birthday, won first prize. This means that Scott will be leaving for Wheeling West Virginia this weekend and on Saturday, May 21, will be singing the song he wrote over the air, then it will be recorded. Congratulations Scott and what a lovely Birthday present. Now, don't let anyone ever tell me that there is no talent in Minden. There is more talent in Haliburton County than people realize, and all the young folk need is a chance to prove that they are good.

•••

Well we have seen the last of hockey for a while, I hope. This Saturday, for anyone who likes horse racing, the Belmont Stakes are on, and if it is as interesting as the Kentucky Derby, don't miss seeing it on T.V. and the ball games. Don't you like to watch the Toronto Blue Jays, I sure do. I guess we soon will be able to watch our own ball games as the teams should soon be starting to play.

•••

There is going to be a barbecue and dance at the Community Centre on Saturday, June 11. The ladies of the food committee of the Agricultural Society want to try out their new barbecue and the Misty River Ramblers will be playing for the dance. More details later.

•••

Mr. & Mrs. J. Taylor, of Lindsay, visited friends and relatives in Minden last week.

•••

Our congratulations to Mr. & Mrs. Wallace Crofts whose friends and relatives helped them celebrate their 25th wedding anniversary at the Community Centre last Saturday evening.

•••

Womens Lib. is still alive. Our congratulations to the Agricultural Society who last week, for the first time in its history, appointed a lady as president. Mrs. Loretta (Sinc.) Nesbitt is the new president.

•••

The Women's Institute are planning their Spring Bus Trip to Kingston, on June 1st. They are leaving at 7 a.m. and anyone wishing to go must have their name and money in to Mrs. Annie Kernohan, 286-1648, by May 30th.

•••

The Junior Choir, under the guidance of Mrs. Shirley Collins, Mrs. Jean Cox and Mrs. Thelma Ewing, sang at Hyland Crest Home last Monday evening and were enjoyed very much.

My only household hint this week is don't try to do housecleaning and gardening at the same time. I housecleaned most of the week, then started to plant my garden and oh my aching back. At least I have all the garden in for now, tomato plants later, flowers also in but the housecleaning isn't all done yet.

•••

RECIPE OF THE WEEK
PUMPKIN MUFFINS

1½ cups flour; 1½ cups white sugar; 1 tsp. soda; 1 tsp. baking powder; ½ tsp. salt; 3/4 cup vegetable oil; 1 tsp. cinnamon; 2 eggs; 1 cup canned pumpkin.

Make a well in flour and add oil and eggs; beat good. Bake in 350-degree oven 20-25 min. This also makes a good loaf.

•••

Did you know "A man's hair and teeth are just about his best friends", but even the best of friends fall out?

•••

RULES THEN - APPLIED TODAY

In May of 1919, at Dusseldorf, Germany, the Allied Forces obtained a copy of the "Communist Rules for Revolution". Nearly 60 years later the rules are still being followed by some. After reading the list, stop after each item and think about the present day situation around the World and our Nation. We quote from the Rules:

A - Corrupt the young; get them away from Religion. Get them interested in sex, drugs, etc. Make them superficial, destroy their ruggedness.

B - Get control of all means of publicity, thereby:

1 - Get peoples minds off their government by focusing their attention on athletics, sexy books and plays, and other trivialities.

2 - Divide the people into hostile groups by constantly harping on controversial matters of no importance.

3 - Destroy the people's faith in their natural leaders by holding the latter up to contempt, ridicule, and disgrace.

4 - Always preach true democracy, but seize power as fast and as ruthlessly as possible.

5 - By encouraging government extravagance, destroy its credit, produce fear of inflation by rising prices and general discontent.

6 - Incite unnecessary strikes in vital industries, encourage civil disorders and foster a lenient and soft attitude on the part of government toward such disorders.

7 - By argument cause the breakdown of old moral virtues, honesty, sobriety, self-restraint, faith in the pledged word, ruggedness.

C - Cause the registration of all firearms on some pretext, with a view to confiscating them and leaving the population helpless.

That was quite a list, wasn't it? Is this part of the chaos that is upsetting our nation or mere coincidence?

•••

Adios, and take care now.

•••

Norland Notebook

By Barbara Maunder
454-3233

Full council met on Monday, May 2, in the township office. The following business was transacted:
1. Council agreed to share equally with Dalton Township, the cost of gravelling and spraying the road from the Black River Bridge to the Digby Boundary.
2. Bradley Bradamore, who is the building inspector and bylaw enforcement officer for Bexley Township, has been hired in the same capacity for Laxton, Digby and Longford Townships.
3. Road Superintendent was instructed to report the estimated amount of work and the cost to repair the bad spots on Bailey Drive.
4. Severance B 123-77, June Chamberlain for part of Lot 7, Conc. 10, Laxton, be approved.
5. That council pay the accounts submitted by Jas. Davey and Valmac Construction, covering the labour and the material to build a fireproof room around the furnace in the community hall. But the Ladies Auxiliary be asked to reimburse council if plans for new community hall do not materialize.

•••

I could probably write a considerable amount on the weather as of later. Such as last Sunday, May 8, when we were least expecting it, gusty winds and a snowfall - one inch in the Orillia area and three inches in Bancroft. We have all been aware of the high winds this month of May and someone who can vouch for them is the Boyces of Highland Sports Centre, who came back on Wednesday to find that a small twister must have passed and their two fish huts that had been standing nearby, were not only moved from their original spots, but demolished also. We are sorry about this misfortune, Jim and Jean.

•••

Dixie Fountain, nursing in Cedars of Lebanon Hospital, in Miami, Florida, and daughter of Everett and Leona Fountain, was visiting friends and relations in the Norland area for the weekend. Dixie was trying to finalize bridesmaids plans for the wedding of Valerie Lynn Peel, Fenelon Falls, on June 18.

•••

Coming Events at Norland community Hall:
Movie on holiday Sunday, May 22, at 7:00 p.m. Walt Disney's "The Island at the Top of the World". Admission is $1.25 and .75 for pre-schoolers.
Bingo every Monday night at 8:00 p.m.

•••

On Monday, May 9, at Ops Community Hall, my husband and I attended the Progessive Conservative Rally for P.C. candidate, Jim Webster. We not only enjoyed meeting Jim Webster and the delicious hot roast beef dinner served so aptly by the Ops ladies, but we also renewed acquaintances with Bill Newman, Minister of Agriculture, who was the guest speaker. Bill and my husband, John, attended O.A.C., Guelph, together and Bill was best man at our wedding in November, 1948. We kept in touch for some years after our marriage; with Bill and his wife Molly, but in recent times, since Bill's active political life, we have seen very little of the Newmans. It was impossible at such a function to completely catch up on news, but it was a great pleasure to see and talk to Bill again. Other parts of the program included addresses by Jim Webster and Bill Scott, Victoria-Haliburton M.P., a thank you to the guest speaker from Carl Hickson and lively entertainment between the dinner and speeches, by two members of the Misty Rollers group.

•••

A Walkathon, sponsored by the United Churches in the Coboconk charge, was held on Sat. May 14. Proceeds from this ten mile walk, at Indian Point, are donated to the Mission and Service, World Development Fund and last year over $2,600 was realized from the Walkathon. Thanks to all who walked and to those who sponsored the walkers in this worthwhile project.

•••

I received a card from Ruth and Ralph Brown, Head Lake, who have been holidaying the past month in the Canadian West. Unfortunately, Ruth has been ill with pneumonia and hospitalized in Oliver, B.C. Her doctor says that she can travel the 3000 miles home when he considers her strong enough for the trip. Hurry and get well, Ruth because we miss you.

•••

Early Friday afternoon, my husband was one of the first people at the scene of a head-on car accident just outh of Watson Puterbaugh's driveway on Highway 35. This accident involved a car driven by Bradley Bradamore of Norland, his passenger, Max Handley of Coboconk who were driving north and another car, with a woman driver, unidentified at this writing, in a south-bound car. All three of these people sustained injuries and had to be taken to Ross Memorial Hospital, Lindsay.

•••

Have a safe and enjoyable Victoria Day Holiday.

The Recorder District News

Coboconk News

by Sheila Lake

Mrs. Marion Weaver is in North York General Hospital, Toronto, where she had surgery last week. If you care to send Marion a card, her room number is 313, North York General Hospital, 4001 Leslie St., Toronto. I'm sure she would appreciate hearing from her friends.

•••

Art Liscombe was admitted to Ross Memorial Hospital, on Thursday. To you sick friends, get well wishes from your many friends.

•••

Mr. Harold Sykes visited his sister, Mrs. Sanford Richman, recently and drove her to Peterborough on business.

•••

Friday evening, about 6:30, a new power boat, owned by Gordon Weaver of Coboconk, took fire and burned at the wharf. Gord had just put some fuel in the boat, went to start it and it burst into flames. Luckily, some children he planned on taking to a ball game had not yet got in the boat. Gord dove into the water and the fire department responded quickly. The boat was completely burned.

•••

Also, sorry to report that Bradley Bradamore and Max Handley were taken to Ross Memorial Hospital by ambulance when their car was struck by another, just north of Coboconk, near Mrs. Limrick's on Highway 35, early Friday afternoon.

•••

Friday night the young people of Faith Tabernacle enjoyed a ball game at the school yard. Afterward they returned to the church for a delicious lunch. At the same time, a presentation was made to Keith and Pat Matthews, Bible School students from Lindsay, who are leaving for Brandon, Manitoba soon to pastor a church there.

•••

On Wednesday night, several L.O.B.A. members attended the North Berbum Orange Lodge anniversary celebrations. Then, on Monday night, several L.O.B.A. members attended the anniversary celebrations at Cameron Orange Hall, held for Cameron L.O.B.A.

•••

The local library is holding a book sale every Saturday, from 1 to 2 p.m., until extra books are gone. The craft classes are still being held in the Library on Saturdays only, for children from 5 to 10 years of age. Perhaps you have a younger child who finds Saturday boring and could join others in something worthwhile.

•••

A dinner and meeting, by the local L.E.O. members was held in the Lions Hall, Friday night, May 13th. L.E.O. is the abbreviation for Leadership, Experience and Opportunity, a club for youth sponsored by Lions Clubs. About 100 parents and relatives and members sat down to a delicious dinner. Following dinner a number of awards were made. There are 15 charter members in the local L.E.O., namely Randy Greer, Kim Greer, Robin Coulton, Perry Logan, Tracey Logan, Louise Schell, Gary Brown, Gary Cameron, Shelly Jones, Robbie Parker, John Bradamore, Christine Schell, Michelle Shepherd, Kathy Heffer, Kathy Durr. Meeting, was chaired by Charlie Crockford of Fenelon Falls. President is Randy Greer, Secretary Kim Greer, Treasurer Robin Coulton, Vice-President Perry Logan. The banner, gong and gavel were presented to President, Randy Greer, by Lions Governor, Ray Finney, assisted by Dist. Governor, Ellerdy Farr. The welcome by President Gord MacAllister and induction of members by Governor, Ray Finney, assisted by L.E.O. advisers; Lion Jack Lewis, Lion Fred Jones and Lion Ted Garells. Presentation of advisor pins to the above mentioned was made by Zone Chairman, Bruce Clayton. Lion Charlie Crockford presented ext. certificate to Lion Jack lewis and Lion Gord MacAllister. The address was given by L.E.O. member Sandy Roiss of the Weston Club. Four members of the Weston Club travelled 120 miles to join in the meeting and 8 Kirkfield members also attended.

Following the ceremonies, the young folks had a dance in the hall. Most of the older folk left as the music was geared to the young and perhaps hard on older ear drums.

Loretta Nesbitt to head society

Loretta Nesbitt has become the first woman to be elected president of the agricultural society.

Other business at the meeting of the society included: County Council and the Haliburton County Fair are combining in celebrating the Queen's Jubilee at the Fair and many ideas were tossed around, but nothing will be decided until the next meeting.

It was decided to have Gold and Green as the Fair colours, and a contest is under way to design a crest for the Fair. This contest is open to anyone, so come on and let us see how good you are. All designs must be submitted to the secretary, Mrs. Helen Johnson, R.R. 1, Minden, by June 4th. Prize winning design will receive $25.00. Phone the secretary for more details.

The food committee were so happy over the response to their dance that they are planning another one for June 11 along with a barbecue the same night. The Misty River Ramblers will be playing for the dance.

For the first time in the history of the agricultural society, a lady was made president as Mrs. Loretta Nesbitt took over the office. In the Province of Ontario, to my knowledge, there are only one or two other lady presidents, so Minden is to be congratulated on their step forward in history.

It's the same old price story

"It's the same old story", says Ed Pritchard, owner of Ed's Taxi in Minden, commenting on a 10 cent per mile increase of taxi fares.

Bylaw 77-28, passed during the last municipal council meeting, approves the increase from 60 to 70 cents per mile.

Mr. Pritchard says he asked for the higher price due to inflation. He explains that prices are up for gas, insurance and repairs.

Galway and Cavendish

The eighth regular council meeting for the Township of Galway & Cavendish was held in the township office on Saturday, April 30, 1977, at 10:00 a.m. Present were Reeve Brickman, Councillors MacLellan, Stuart and Nokes. Visitors were: Mr. Jamieson, Mr. Hill, Mr. Reinhardt, MTC.

A Fire Committee meeting was held on April 17, 1977 at 10.00 a.m. Present were: Mr.(s) Brickman, Hickey, Nightingale, Platt, Angus, Stange, Preston and Spencer

Fire Hall

The committee is pleased with the progress of construction and agreed that plans should be made for an official opening. uggested that the following dignitaries be invited, Bill Scott, MP, Clarke Collins, MPP, Bill Domm, Warden. It was also suggested that Harvey Council and members of their Volunteer Fire Dept. be invited, in appreciated for their hosting the recent fire seminars. Mr. Brickman agreed to follow-up with the committee looking after this function to ensure that plans are progressing.

Training

Mr. J. Hickey suggested that a formal training program, utilizing the course material obtained from the Harvey and Peterborough Seminars, commence May 3, 1977. This suggestion was agreed to and Messrs, Nightingale, Angus, Stange and Hickey volunteered to co-ordinate same. Training sessions will take place on the 1st and 3rd Tuesday of each month commencing May 3, 1977 at 7:00 p.m. We strongly urge all volunteer firemen to take part in this major undertaking.

Meetings

Future business meetings will be held on the 3rd Tuesday of each month following the training session.

First Aid

The proper arrangements for setting up a course with St. John's Ambulance were presented by Mr. Hickey. After considerable discussion it was agreed that a course should be planned for next winter commencing in January, in order to avoid conflicting with our own Fire Protection / Prevention Course.

Compensation Insurance

All volunteer firemen are covered under a blanket policy that the Township has arranged with the Workmen's Compensation Board.

Fire Reports

Mr Hickey presented a proposed form for reporting fires and recording manpower utilization. The form and procedures were agreed to by all present. Mr. Brickman agreed to arrange for the printing and implementation of same, next week.

Phone

Considerable discussion took place concerning the less than satisfactory arrangements that we presently have. Mr. Brickman agreed to pursue the matter with Bell Canada with the objective of improving the present system and listing of the Fire number in the phone book.

Communications

Recommended that Council consider purchasing a C.B. Radio for the Fire Truck. This would assist in marshalling volunteers to fight a fire and would also enable the Fire Department to alert other residents of the need for assistance. this method of communication was recommended versus a normal radio in view of the large number of personal C.B.'s in the area.

Somerville Reciprocal Agreement

Mr. J. Hickey reported that Sommerville Township have the following equipment in the Kinmount Fire Hall.

- Pumper with 1,800 Gal. capacity.
- Pump capacity 250 Gal. per min. at 1,500 RPM
- Firemen coats, boots, and hats, for 6 men.
- One portable pump.
- 2 - 1½" lines on pumper.

The fire committee strongly recommends that Council sign the proposed reciprocal agreement with Sommerville Township to provide protection to ratepayers in the Kinmount area.

Equipment

Mr. Hickey reported that the Ministry of Natural Resources expect each Fire Warden to have the following basic fire-fighting equipment:

- 1 shovel - $14.95
- 1 Polaski Tool $14.50
- 1 plastic back pack $74.00

Recommended that the Fire Chief, Mr. J. Hickey, take an inventory of the equipment that our Fire Wardens have at present and report back to the committee at a future meeting.

It was further recommended that the Township purchase one Polaski tool and two fire shovels to be placed in the fire truck.

Mr. J. Hickey volunteered to inspect all portable pumps in the Municipality of Galway and Cavendish and establish a regular inspection frequency for the future. This inspection will also include establishing the location of each pump, what facilities are with the pump (shovels, parts, etc.) and who has responsibility for same.

Agreed that the jeep presently assigned, but not being utilized by the Roads Department be re-assigned to the Fire Department. The vehicle would be used to transport small fire-fighting equipment, volunteers and provide the ability to get into remote locations which the larger truck is unable to. Mr. M. Preston volunteered to paint the vehicle red.

Pay Scale

Based on an analysis of surrounding volunteer fire groups it was recommended that Council consider the following:

- $3.25 pet fire meeting, maximum 2 per month
- $5.00 per hour for fighting fires
- Monthly retainer for Fire Chief.

Reciprocal Agreements

Recommended that Council consider signing formal Reciprocal Agreements with the village of Bobcaygeon and Harvey Township.

General

The committee strongly recommends that all volunteer firemen take part in the formal training program that will commence May 3rd, at 7:00 p.m. and that they also participate in future business meetings to be held the 3rd Tuesday of each month. Like any volunteer organization it is only through the efforts of many that progress is achieved. The results of several meetings that have taken place over the past three months are starting to take shape.

The community needs your support in what can be a very personally rewarding experience and an opportunity to meet with some of your fellow ratepayers on a regular basis.

*****

A Galway Hall Committee meeting was held on April 2, 1977. Present were: Mr.(s) Brickman, Gillham, Chambers, Stuart and Allen. Ladies present were Mrs.(s) Marion Dettman and Thelma Brown.

Mr. Brickman thanked the Committee Members, on behalf of Council for agreeing to stand on the Committee and defined the responsibilities objectives as set out by resolution of Council as follows:

- To promote and encourage use of the Community Hall.
- To establish a budget.
- Maintenance of building.
- To recommend a fee structure.
- Establish a set-up and clean-up policy.
- To co-ordinate functions, on advice of Clerk/Treasurer.
- To recommend to Council for approval on all policy matters.

It was agreed that the following sub-committees should be established and the chairmen/chairwomen were established as follows:

- Kitchen facilities - Mrs. Marion Dettman
- Building - Mr. Harry Stuart
- Planning and Budgeting - Mr. Glen Gillham, Mr. Vince Allen, Mrs. Thelma Brown.

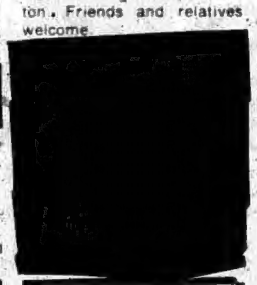
Births

HOGG - John and Ali are thrilled to announce the safe arrival of their 7 lb. 2 3/4 oz. son at the Oshawa General Hospital on May 10th. A brother for Jennifer.

Many special thanks to Dr. Lodenqual and Dr. Pierce for their prenatal coaching.

MARRIAGE ANNOUNCEMENT

Mrs. Edward Goodfellow Huffman happily announces the forthcoming marriage of her daughter, Sandra Janette, to Myles Bernard Trumbull, son of Mr. and Mrs. Bernard Trumbull of Minden. Saturday, June 4th, 1977 at 5 p.m. at the Chapel of St. Clement Astra (P) Canadian Forces Base, Trenton. Dance 9 p.m. at the Canadian Legion Hall, Trenton. Friends and relatives welcome.



Thank-You

We wish to thank our friends, neighbours and relatives, Dr. Hartwick of Haliburton, Dr. Fraser and staff of the Peterborough Civic, during the loss of our son, Conrad. Also the John Welch Funeral Home, and a special thanks to Rev. Millar of Minden.

Roger and Joan Thomas

A special "Thank-you" to all my friends and relatives, for remembering me in prayers and kindness shown to me, while in the hospital, also gifts, flowers and many cards and phone calls. Thanks to all.

Jeannette Lywood.

Hi! Neighbours and Friends! Many thanks for the cards, visitors and many thanks to the ladies of Eagle Lake for the goodies and cards they sent me and to my daughter Pat who came often with goodies and papers.

Thank you all to the doctors and nurses of the Haliburton Red Cross Hospital for their kindness while I was there.

Thank you again and God Bless you all.

Tom Mungham

The Colliver Family would like to thank all members of the Haliburton Curling Club for the lovely dinner we had on Saturday at the PineStone Inn.

We would like to express our sincere appreciation and thanks to the Hyland Crest Staff for their wonderful care of mother, Mary Jane who has gone to be with her Lord and Master.

Special thanks to our friends and neighbours for their kindness and help, floral tributes, Gideon Bibles and Missionary donations.

The Cooper family

will be presented. This is a variety show of County Talent. The proceeds will be used to sponsor 23 Scouts from Minden and Haliburton to go to C.J. '77 at P.E.I.

IN MEMORIAM

COUMBS - In loving memory of a dear husband and father, Lolly, who passed away May 21, 1972.

Gone is the face we loved so dear.
Silent is the voice we loved to hear.
Too far away for sight or speech,
But not too far for thought to reach.
Sweet to remember him who once was here,
Who, though absent, is just as dear.

Always remembered by wife Kay, daughter Judy, mother-in-law May.

WILSON - In loving memory of a dear husband, father and grandfather, George, who passed away May 4, 1972.

He is gone, but not forgotten
And, as dawns another year,
In our lonely hours of thinking
Thoughts of him are always near.
Days of sadness still come o'er us,
Friends may think the wound is healed,
But they little know the sorrow
That lies within the heart concealed.

Always remembered by wife, May, daughter Kay and granddaughter Judy.

HELLEMS - In loving memory of a dear husband, father and grandfather, Roy who passed away May 24th, 1960.

Though absent, you are very near.
Still loved, still missed, and very dear.

Always remembered by loving wife Mabel, daughters, Isabel and Grace, son Bill and families.

IN MEMORIAM

COUMBS - In loving memory of a dear son, brother and grandson, Darryl, who passed May 28th, 1967.

He bade no one his last farewell,
He said goodbye to none,
The heavenly gates were opened,
A loving voice said "Come"
I often sit and think of you,
The things you used to say;
I wonder why you had to die,
Without a chance to say goodbye.
Though out of sight, you're ever,
Still missed, loved, still mine;
You will live with me in memory,
Until the end of time.

Always remembered by Mom, sister Judy and grandma.
